Education

Michigan State University | College of Engineering

Bachelor of Science, Mechanical Engineering

Cumulative GPA: 3.62/ 4.0; Dean's List (Fall 2024, Fall 2025, Spring 2026)

East Lansing, MI

May 2028

Technical Projects

Electric Bike Conversion

Personal Project

East Lansing, MI

August 2026 – Present

- Designing a custom electric bicycle conversion by integrating repurposed electric longboard motors and battery components to create a low-cost, functional electric drivetrain
- Developing CAD models for custom mounting hardware using Siemens NX, with geometry designed around existing bicycle components and additive manufacturing constraints

PC Floor Stand

Personal Project

East Lansing, MI

August 2026

- Designed a custom PC floor stand in Siemens NX using dimensional constraints and component measurements to elevate the tower, improve airflow, and free desk space
- Iterated and 3D printed the multi-piece design, assembling the final components to produce a functional stand for daily use

Longboard Mud Flaps

Personal Project

Brighton, MI

July 2026

- Designed a custom-fit longboard mud flap in Siemens NX by modeling around the truck geometry to reduce wheel spray while maintaining clearance
- 3D printed and installed the final design, validating component fit and functionality on the longboard

SKILLS

CAD & Design: Siemens NX, SolidWorks (3D modeling, sketching, part design)

Fabrication & Prototyping: 3D printing, basic soldering, and circuit assembly

Experience

Michigan State University

Service Center Representative

East Lansing, MI

November 2025 – Present

- Manage front desk operations serving 500+ residents by prioritizing requests and organizing packages and resources to maintain efficient service
- Maintain key inventory by securely issuing and tracking access to ensure accountability and prevent loss
- Resolve lockouts, complaints, and time-sensitive issues through rapid problem-solving and communication to minimize resident disruption

Charles Loughrey Design Landscaping

Site Lead

West Bloomfield, MI

May 2025 – August 2025

- Led a 4–6-person crew across residential projects by coordinating daily tasks, materials, and workflow to meet project deadlines
- Interpreted landscape plans and adapted layouts to site constraints while resolving client concerns to maintain 100% client retention
- Supported hiring and scheduling of 5+ crew members to support reliable project staffing

Leadership and Extracurricular Activities

Michigan State Baja Racing

Member

East Lansing, MI

August 2026 – Present

- Participate in technical meetings focused on the design, fabrication, and development of an off-road competition vehicle

Michigan State University Men's Club Volleyball

Assistant Creative Director

East Lansing, MI

April 2025 – April 2026

- Selected as 1 of 9 board members to lead creative initiatives, coordinate events, and support club operations and member engagement

Keep State Green Club

Treasurer

East Lansing, MI

April 2025 – Present

- Manage club finances by tracking transactions, monitoring spending, and maintaining budget records for the executive board
